Akshay Attri

PRODUCT DESIGNER | UI/UX DESIGNER | SAAS & WEB APPLICATIONS

Mohali, Punjab, India | 8288994401 | akshayattri1@gmail.com
Portfolio: https://akshayattri.github.io/Porfolio/easywebinar.html

PROFESSIONAL SUMMARY

Product Designer / UI/UX Designer with 4.5+ years of combined design experience, including an early web-design internship and subsequent product-design roles. Designs SaaS products, web dashboards, and mobile experiences. Experience includes the EasyWebinar dashboard, live webinar workflows, CRM experiences including EasyCRM, and AI-powered product features. Promoted to UX Designer I in 2025. Skilled in Figma, design systems, user flows, wireframing, prototyping, interaction design, and AI-assisted design workflows, with experience partnering with product and engineering teams.

DESIGN SKILLS & TOOLS

Product design	SaaS product design, dashboard design, user flows, information architecture, wireframing, prototyping, interaction design, responsive web and mobile design, accessibility, developer handoff
Research & systems	User research, user personas, journey mapping, design systems, component libraries, Agile collaboration
Design tools	Figma, Adobe XD, Sketch, Adobe Photoshop, Adobe Illustrator
AI-assisted workflows	Lovable, Claude, Relume, Google Stitch, ChatGPT, Figma Make
Technical & team tools	HTML5, CSS3, Bootstrap, Azure DevOps, Asana

PROFESSIONAL EXPERIENCE

UX Designer I | Softobiz Technologies Private Limited
July 2025 - Present

- Lead end-to-end product design for the EasyWebinar dashboard, translating product needs into user flows, wireframes, interactive prototypes, and high-fidelity UI.
- Design AI-powered dashboard features, turning complex capabilities into clear, intuitive product experiences.
- Partner with product managers and developers to deliver dashboard modules and maintain a consistent design system.

UX Designer | Softobiz Technologies Private Limited
July 2022 - June 2025

- Designed EasyWebinar product workflows across webinar setup, scheduling, registration, presenter management, audience workflows, and communications.
- Designed the host-facing EasyWebinar Live Room and live-streaming (EasyCast) experiences, including participant management and audience-engagement tools.
- Contributed to CRM experiences including EasyCRM and product modules such as 2FA authentication.
- Built and maintained a scalable design system and reusable UI patterns; collaborated with product managers, developers, and stakeholders in an Agile environment.

Web Design Intern | Omninos Solutions
Oct 2021 - Feb 2022

- Supported web-design projects and developed practical HTML, CSS, and JavaScript skills under the guidance of senior web designers.

SELECTED PRODUCT WORK

EasyWebinar Dashboard | Webinar Management SaaS

Professional product work | Softobiz Technologies

- Designed an end-to-end webinar-management experience connecting event setup, scheduling, registration, presenters, content, audience engagement, and communications.
- Structured the workspace around webinar collections and event-level configuration, with reusable patterns across product screens.

EasyCRM | Customer Relationship Management

Professional product work | Softobiz Technologies

- Designed workflows across lead lists, customer records, activity timelines, deal pipelines, tasks, and analytics.
- Connected customer history and related actions so users can understand context and plan follow-up from the same workspace.

EasyWebinar Live Room | Live Broadcasting Workspace

Professional product work | Softobiz Technologies

- Designed a host-facing broadcast workspace with a stage, scene controls, participant management, live chat, offers, teleprompter, and appearance settings.
- Kept the broadcast stage as a stable reference while placing production and engagement tools in contextual panels.

GoodPaw | Pet Community & Care

Personal product concept | Android-first mobile experience

- Designed flows for nearby pet discovery, pet and parent profiles, connections, messaging, community moments, and everyday care records.

Luma | Illustrated Reading & Interactive Stories

Personal product concept | Android reading experience

- Designed story discovery, chapter-based reading, adjustable reading preferences, saved progress, and interactive story choices.

Ask Luna | Astrology Admin Portal

Web application

- Designed admin workflows for astrologer profiles, user accounts, appointments, revenue analytics, content, and app settings.

Stackways | Multi-Cloud Hosting Platform

Web platform

- Designed the marketing website and product experience for deploying websites and applications across multiple cloud providers.

Load Bearing Wall Removal Pros | Client Website

Responsive web design

- Designed a service website to explain structural engineering and wall-removal services, present technical information clearly, and guide homeowners toward contacting the business.

EDUCATION

Bachelor of Arts | Lovely Professional University (LPU) | CGPA: 6.39

12th Grade, Non-Medical | DAV Senior Secondary School, Chandigarh | CGPA: 6.5
